

VOLUNTEER SERVICE PROGRAM

CanAdventure Education is a therapeutic wilderness program that helps youth to reconnect with themselves, others, and nature. Our base camp is located on 40 acres in the Sayward Valley, on the north east coast of Vancouver Island. 'The Island', as locals refer to it, is one of the world's most biologically diverse regions and is a world-renowned travel destination for wilderness enthusiasts.

CanAdventure Education is looking for dynamic, reliable, service-minded people willing to contribute to a growing environmentally conscious community. Our volunteer program consists of integrated service. Volunteers are in service as needed, and will have plenty of time to explore and experience the vast beauty of Vancouver Island in their off time. Please note that our volunteer program is not a therapeutic program. All participants should be in good physical and emotional health.

Volunteers can expect to contribute in the following areas:

- Landscaping
- Vegetable Gardening
- Youth programming and night time supervision
- Gear shed management
- Kitchen (prepping and cooking healthy whole food meals for base camp and expeditions)
- Maintenance and facilities upkeep

Accommodation and Food: CanAdventure believes in living simply and sustainably. Our base camp facilities are rustic. There are several very basic indoor shared accommodation options available on site on a first-come first-serve basis. There is also plenty of space to pitch a tent. There is electricity, phone, and internet service, hot showers, and laundry facilities. Meals are also provided. Volunteers will have opportunities to participate in programming and other community events, as is appropriate. Training and supervision are provided at no cost.

All volunteers are required to submit a criminal record verification form.

LIMITED SPACE AVAILABLE. To apply, fill out the form below and be sure to attach your resumé and include two references.
